

Niton and Whitwell
PARISH COUNCIL

Do you care about our local footpaths?

Do you walk regularly?

If yes, can you help the Parish Council and Isle of Wight Ramblers look after Niton and Whitwell footpaths?

We are looking to form a small team of local people to ensure all footpaths are walked at least twice a year.

The aim is to:-

- To identify and report current or potential problems
- Check structures and features along the paths (styles etc)
- Recommend improvements to the Parish footpath network
- Work in partnership with landowners and community groups on local footpath issues
- Involvement in the new coastal path/ access in the area

This is a new initiative. If you can help with even just a small part of it, please contact Councillor Ali Logan on 07850 081585 or at ali75logan@hotmail.com
